

## 2012 Annual Report

### To Our Volunteers, Sponsors, Friends & Benefactors:

#### Mission:

Team Will is a Sacramento-based, charitable bicycling organization raising community awareness and funding for research and resources for children with cancer. Team Will provides a coherent, credible voice to educate communities about childhood cancer and encourage communities to get involved and make a difference. Funds are raised each season for local and national charities.

#### How It Began:

In January 2004, 2 year old William Keifer was diagnosed with a rare form of Childhood Cancer, Rhabdoid Tumor of the Kidney. Rhabdoid is an extremely lethal and aggressive cancer, with a survival rate of less than 25%. Although undergoing a series of treatments and therapies to combat the disease, the aggressive tumor metastasized to his brain, and after only five months, William lost his battle with cancer. In response to the tragedy of William's death, members of the Keifer family as well as those of his community wanted to do something positive, so in 2005 Team Will was born.

#### Go The Distance 2012:

This past summer, we embarked on our fourth coast-to-coast bicycle event, **"Go The Distance 2012."** With 25 members participating in the ride, we started June 24, 2012 in San Francisco, CA, and crossed 14 states, visited 18 hospitals and participated in 4 community rallies, while ending our ride in Boston, Mass. 10 days later on July 3, 2012, making this ride a complete success.

We are pleased to share that this year because of all of your efforts, we ended up raising \$120,000. The following chart displays who our benefactors were and how the funds were given out:
